Design inspiration at VOGLIA

Guests were given plenty of ideas on how to spring clean their home thanks to Voglia - a new lifestyle and home interior boutique which opened its doors last week on Jumeirah Beach Road.

Partygoers sipped cocktails and enjoyed canapes as they browsed the beautiful boutique filled with high-end brands from Europe and Shanghai.

Creative director Linda Bruun Mortensen said: "We have handpicked a beautiful collection of products from some of the leading design destinations and brought everything together into the most amazing house."
